Introduction.

East Coast Modern - Furniture , lighting & object design studio.

Nestled in the serene outskirts of Pondicherry, the design studio & workshop is located in a quaint village by the sea , near the cultural haven of Auroville at East coast Road.

We take pride in reviving classic design pieces from various art periods in history ,infusing them with a modern touch to create bespoke and customized solid wood furniture and lighting.

At ECM, we honor the rich heritage of traditional craftsmanship passed down through generations. Our skilled artisans seamlessly blend their time-honored techniques , resulting in sturdy and stylish furniture that transcends the boundaries of time.

Founder.

Architect Mohammed Safvan is the visionary founder and creative director of **East Coast Modern**, seamlessly integrating his architectural expertise with a profound passion for furniture design. An alumnus of the **Measi Academy of Architecture**, Mohammed's internship at **Khosla Associates** profoundly expanded his appreciation for design, art, furniture, objects, and architecture.

Following graduation, he enriched his craft through an apprenticeship with **Vincent Roy of Wood n Design**, a distinguished French cabinetmaker and furniture designer. This experience deepened his expertise in fine woodworking, blending functional knowledge with a meticulous eye for aesthetics.

Mohammed's journey in design is marked by his ability to craft bespoke furniture for esteemed architects, residential spaces, and high-end retail environments across the country.

East Coast Modern is a natural extension of his architectural and interior design practice, **Mohd Safvan Design Atelier**, where he continues to push the boundaries of wood craftsmanship and design innovation.

Timber Selection.

Timber selection.

We specialize in utilizing reclaimed wood varieties, such as Burma Teak and Indian Laurel, sourced from antique beams over 200 years old. These timbers are meticulously seasoned and exhibit exceptional grain patterns.

In addition to our reclaimed offerings, we also work with a range of new timber species, including White Ash, White Oak, and various types of Teak. We source FSC-certified wood exclusively from accredited and licensed suppliers, ensuring compliance with the highest standards of sustainability and ethical sourcing.

We are sourcing reclaimed timber for our timber yard in Pondicherry. These timbers, salvaged from beams of antique buildings, are approximately 200 years old.

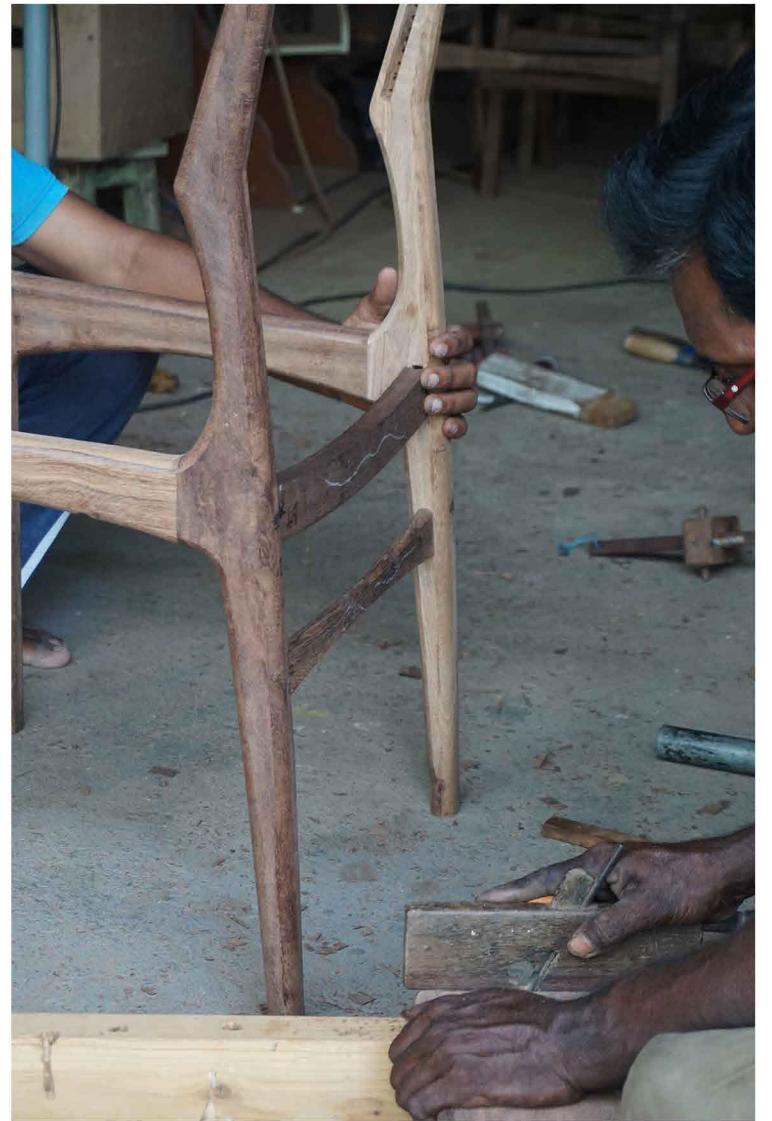

FSC certified, treated & kiln dried white ash wood at our suppliers godown at Bangalore.

Carpentry.

Our in-house team of skilled craftsmen, originating from Pondicherry and its surrounding regions, brings generations of expertise to every project. Their time-honored skills in traditional carpentry and joinery ensure that each piece is crafted with exceptional precision and attention to detail. Under our meticulous supervision, our craftsmen select the finest timber and handcraft each product, guaranteeing superior quality and a distinctive finish.

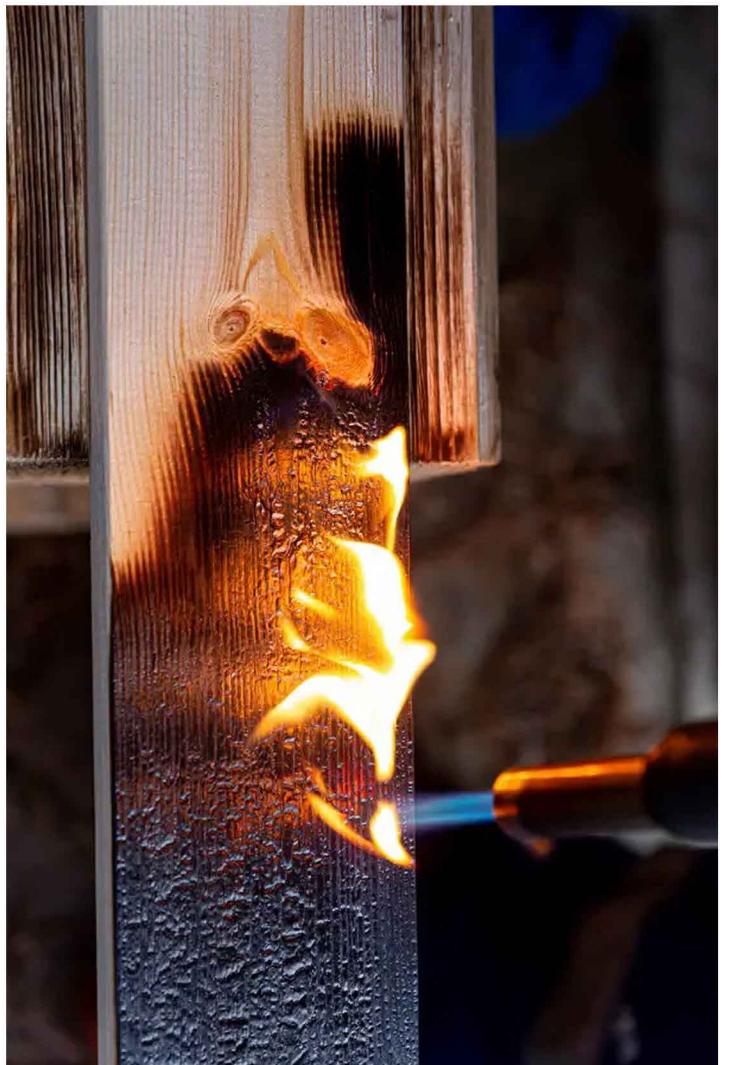

Finishes.

We employ low-VOC stains and polishes for our furniture to ensure a healthier environment, making our finishes child-friendly and non-hazardous. Each piece undergoes meticulous hand sanding to achieve an exceptionally smooth surface. Our artisans then apply and finish the polish by hand, a labor-intensive process that allows for precise control over the final appearance.

We offer custom finishes tailored to project requirements, including a variety of stain options and distressed finishes.

Weaving.

Our skilled artisans, with over a decade of experience in the craft of cane weaving, uphold a tradition passed down through generations from Pondicherry. Their expertise, combined with our innovative design approach, enables us to create distinctive patterns and weaves using a range of materials including rattan, papercord, paracord, jute, and sabai grass rope.

We meticulously evaluate each project to recommend the most appropriate materials, whether for indoor or outdoor use. Our natural rattan, sourced from Northeast Assam, is carefully peeled and flattened by our artisans, ensuring it is ready for crafting. we dont use pre-woven panels; instead, we engage in a meticulous, hand-weaving process that emphasizes both durability and craftsmanship.

Chairs.

noun {c}

/tʃər/
